

2026 GRAIN PRODUCTION CONTRACT

ZeaKal, in partnership with Perdue AgriBusiness, is offering a specialty high oleic soy program for growers to produce ZeaKal's SOYLEIC® high oleic grain. Conventional SOYLEIC® soybean varieties offered in this program must be identity-preserved.

PREMIUM

- **\$0.75/bushel premium** for grain production
- Identity-preserved acreage contract with ZeaKal for delivery to an approved Perdue AgriBusiness location.
- **\$0.85/bushel** buyers call for on farm storage

Delivery Time Frame: September 2026-July 2027

QUALITY

- 14% max moisture
- Grain quality must meet the quality criteria stated in the contract. Discounts applied for grade and moisture at the time of delivery.
- Premium subject to verification of trait purity.
- Minimum 73% high oleic content

CONTRACT OVERVIEW

- Types of contracts (ex: buyers call)
- All sales subject to execution of ZeaKal stewardship agreement
- Grower field boundaries required for all high oleic soybean contracts. Boundaries can be submitted after planting (Submit one: Bayer Climate Fieldview, Granular, John Deere Ops, FSA Map, Field Coordinates (long & lat) or Shape File Accepted)

DELIVERY LOCATIONS

- Delivery at any approved Perdue AgriBusiness high oleic location - please see page 2
